PRE-STREAM CHECKLIST · NUZLOCKE

THE RUN

- [ ] The ruleset is published and matches the latest version.
- [ ] The encounter and death log matches the saved game.
- [ ] The save is where the last stream ended.
- [ ] You know the next required battle and its level cap, if you use one.

CAPTURE AND SOUND

- [ ] The game looks sharp, with no unexpected black bars or crops.
- [ ] Game, microphone and alerts are balanced.
- [ ] No private window (admin pages, passwords, email) is inside the capture.
- [ ] A holding scene is ready for emergencies.

TEAM ON SCREEN

- [ ] If you use a team overlay, OBS loads the view URL, not the admin URL.
- [ ] Members, nicknames and order match the game.
- [ ] Last episode's deaths are no longer shown.
- [ ] If you also stream vertically, that output uses its own composition.
- [ ] You have checked readability on a phone or a scaled-down capture.

FINAL TEST

- [ ] You recorded one or two minutes and checked picture, sound and sync.
- [ ] The title names the game, episode and challenge.
